MEMORANDUM FOR: Assistant Director, OSI
Assistant Director, OSI
Assistant Director, OSI

SUBJECT: Plan for Systematic Development of the Consular and Commercial Sources of Intelligence Information

REFERENCE: Secret Dispatch No. 451 dated 30 December 1949 from American Embassy [redacted]

25X6A

1. It would be appreciated if representatives from OSI, NSI and OIC would meet with OASIS, Room 225, Administration Building on Tuesday afternoon, 14 March, to discuss the points raised in the above mentioned reference so that we may have a CIA position before discussing this matter further with the State Department.

2. The Assistant Director, OSI has already commented to the effect that it thinks this reference has great possibilities for the development of new sources of intelligence information so feels that every effort should be made by CIA to cooperate with the State Department and Foreign Service in investigating all aspects of this matter so that the fullest possible advantage can be taken of the opportunities inherent in this situation.

3. OSI has already pointed out that it thinks this overt collection is almost wholly a State Department matter unless or until its overt phases overlap covert activities. It naturally does not wish to jeopardize the long range use abroad of OSI personnel by having other CIA personnel on a short range basis participate abroad in such matters.

4. At the meeting next week, we should like to hear your views on the various suggestions put forth in the reference.

Coordination, Operations
and Policy Staff
